

City of Garden Ridge Volunteer Opportunity Description

Special Events Presenter Garden Ridge Library Varied Times / Schedules

Purpose: In addition to traditional library services, the Garden Ridge Library sponsors special events. These special events can be geared to any age group, focus on a wide variety of topics, and feature many different skills. For these special occasions, the library is dependent on area folks who are willing to share their interests, talents, and time.

Special events include things like different presenters speaking on different topics (gardening, health issues, using the latest electronics, etc.) at our monthly Lunch-n-Learn. And weekly there are craft classes for the adults and Storytime and Lego Robotics events for the kids.

And being willing to help with a special event (like being the DJ for '50's *Night*' at one our First Friday Family Nights), would also be appreciated.

If you are willing to share your special skills and knowledge (or are just willing to pitch in and help), contact Linda Crosland to discuss the possibilities of events that enhance the quality of life of our community.

Responsibilities: Be willing to share your special knowledge and talents
Be reliable about being on time and ready to make your presentation
Prepare any necessary materials for your presentation

Dates / Time: Highly variable. Some events are done weekly, some monthly. A specific Lunch-n-Learn topic might only be repeated annually. The library is flexible in trying to accommodate your schedule.

Location: All activities will be done in the Garden Ridge Library.

And if looking for other ways to help the library, ask about being a Friend of the Library.
